

IMMEDIATE RELEASE

MEMKO pty ltd expands training offering as the training partner for Dassault Systèmes accredited courses.

Melbourne, Australia, November 18, 2010 — MEMKO pty ltd, the Australian based service and solution provider for Dassault Systèmes, a world leader in 3D and Product Lifecycle Management (PLM) solutions, has been appointed to provide training and education to industry using Dassault Systèmes accredited courses.

MEMKO as a Dassault Systèmes Value Added Reseller for DELMIA, CATIA, ENOVIA and 3DVIA provides solutions to advanced and highly regulated industries such as aerospace, aviation and defence. Now as part of Dassault Systèmes Education Program Partner MEMKO has the ability to utilize best in class courseware which will allow us to offer customers both customised and off-the-shelf courses.

MEMKO is committed to providing the highest quality of education and service to our customers and this opportunity will ensure we remain at the forefront of Dassault Systèmes methods and techniques of implementing PLM solutions for our Australian and New Zealand customers.

“At MEMKO, we believe that enhancing your skills is essential for you to make the most of the Dassault Systèmes’ PLM 2.0 solutions. We also believe that, as our customer, you have the right to benefit from DS recommended methodology and best practices. To that effect we offer you optimized, relevant and efficient training solutions for professionals and inspiring resources for academia. We are looking forward to bring the best of breed training solutions for Dassault Systèmes products to Australia and New Zealand”, said Miro Miletic, Director MEMKO Pty Ltd.

About MEMKO pty ltd

MEMKO PTY LTD is a leading Australian provider of technology for innovation, Industry Best Practices and Consulting Services and Support to the engineering and manufacturing communities covering multiple industries from aerospace, defence, automotive and energy to consumer goods, high tech and life sciences.

MEMKO enables its customers to improve competitiveness, productivity and profitability by enhancing key aspects of Product Lifecycle Management (PLM) capabilities. Memko is exclusively committed to the Dassault Systemes PLM portfolio and complementary 3rd party solution providers.

About Dassault Systèmes

As a world leader in 3D and Product Lifecycle Management (PLM) solutions, Dassault Systèmes brings value to more than 115,000 customers in 80 countries. A pioneer in the 3D software market since 1981, Dassault Systèmes applications provide a 3D vision of the entire lifecycle of products from conception to maintenance to recycling. The Dassault Systèmes portfolio consists of CATIA for designing the virtual product - SolidWorks for 3D mechanical design - DELMIA for virtual production - SIMULIA for virtual testing - ENOVIA for global collaborative lifecycle management, and 3DVIA for online 3D lifelike experiences. For more information, visit <http://www.3ds.com>.

CATIA, DELMIA, ENOVIA, SIMULIA, SolidWorks and 3D VIA are registered trademarks of Dassault Systèmes or its subsidiaries in the US and/or other countries.
